

## STUDENT PRIVACY RIGHTS (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day DEC (DEC) receives a request for access. A student should submit to the Vice President of Academic Affairs a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA. A student who wishes to ask DEC to amend a record should write the Vice President of Academic Affairs, clearly identify the part of the record the student wants changed and specify why it should be changed. If DEC decides not to amend the record as requested, DEC will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to provide written consent before DEC discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent. DEC discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by DEC in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom DEC has contracted as its agent to provide a service instead of using DEC employees or officials (such as an attorney, auditor or collection agent); or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for DEC.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by DEC to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education 400 Maryland Avenue, SW  
Washington, DC 20202-5901
