

# STUDENT JOB OPPORTUNITIES

Are you looking for a part-time job while you are attending school? Here is a resource for you from the DEC Career Services Department that can help you in your search for work.

---

## JOB SEARCHING TIPS:

- While most part-time student jobs won't require a resume, it might be helpful if you need to apply online or even to use as a resource when filling out applications in person. Reach out to [careerservices@dec.edu](mailto:careerservices@dec.edu) for a simple resume template or an appointment (in person or virtually) for assistance.
- Use Google Maps or another tool to see how long your commute will be. What is your method of transportation? Walking, public transportation, your own vehicle?
- What do you have to offer? Are you great with people? Detail-oriented? A night owl?
- After you apply, follow up! Call and ask to speak to a manager, or just stop by.
- Don't give up! You may have to apply to several positions before securing one.
- If you get an interview, dress neatly, be on time, and bring 2 forms of ID.

## NEARBY BUSINESSES
